FEDERAL SAFETY RECORD

8 COMPLAINTS	2 RECALLS	1 INVESTIGATIONS	91 SERVICE BULLETINS
-----------------	--------------	---------------------	-------------------------

Complaint precision: 0 of the 6 complaints that identified a VIN were filed for this VIN's exact configuration (matching first 8 VIN characters).

OPEN RECALLS

1 CAMPAIGN

BACK OVER PREVENTION: SENSING SYSTEM: CAMERA Reported: Dec 9, 2019 Summary: Nissan North America, Inc. (Nissan) is recalling certain 2018-2019 Nissan Altima, Armada, Frontier, Kicks, Leaf, Maxima, Murano, NV, NV200, Pathfinder, Rogue, Rogue Sport, Sentra, Titan, Titan Diesel, Versa Note and Versa Sedan vehicles, as well as Infiniti Q50, Q60, QX30 and QX80 vehicles. Additionally included are 2019 Nissan GT-R and Taxi and Infiniti QX50, QX60, Q70, Q70L vehicles. The back-up camera and display settings can be adjusted such that the rear view image is no longer visible and the system will retain that setting the next time the vehicle is placed in reverse. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 111, "Rear Visibility." Risk: The lack of an image in the back-up camera display increases the risk of a crash. Remedy: Nissan will notify owners in phases, having dealers update the back-up camera settings software, free of charge. The recall began November 11, 2019 and all affected VINs should be activated. Owners may contact Nissan customer service at 1-800-867-7669 or INFINITI customer service at 1-800-662-6200.	19V654000
---	-----------

A recall campaign covers every vehicle in its scope - the summary may reference other makes, models and years beyond this one.

FEDERAL DEFECT INVESTIGATIONS

1

EA21002 - Desiccated Air Bag Inflator Rupture

Opened Sep 17, 2021 **STATUS: OPEN**

TECHNICAL SERVICE BULLETINS

91

91 manufacturer communications are on file with federal safety regulators for this vehicle. Service bulletins describe known issues and repair procedures dealers receive from the manufacturer. The 3 most recent:

SAFETY RATINGS

This vehicle has no published 5-star crash-test ratings - it was not included in the government's crash-test program.

OWNER COMPLAINTS

6 FILED

ELECTRICAL SYSTEM

May 21, 2026

Odometer Fraud. The contact was considering purchasing a 2018 Nissan NV. The contact the vehicle's odometer reading indicated 65,666. After obtaining the Carfax, the mileage listed was 208,000..

ELECTRICAL SYSTEM

May 12, 2026

ongoing electrical and ECM communication issues with my 2018 Nissan NV2500. The vehicle is experiencing serious fault codes involving loss of communication with the ECM/PCM and transmission control systems, creating a potential safety concern and reliability issue. The diagnostic scan produced the following active code...

ENGINE

Jun 5, 2025

Engine developed a knock and associated power issues as per Nissan technical bulletin NTB 19-057a. Nissan did not make owners of the affected VIN numbers aware of the issue.

STRUCTURE

Feb 18, 2024

The sliding door continually gets stuck and won't open from the inside or outside often.

UNKNOWN OR OTHER

Nov 3, 2023

Side window leaks and dealer is unable to get the replacement glass nor fix the issue in 4 months already. The leak is causing me to have to replace the window myself, likely with plexiglass, though it's under warranty. This is unsafe and should be properly handled by the dealer in a timely manner.

FUEL/PROPULSION SYSTEM

Aug 7, 2019

FUEL LINE CAME DISCONNECTED AT JUNCTION TO ENGINE--SAME AS RECALL ON 2019 NISSAN ALTIMA FROM FACTORY---

IMPORTANT INFORMATION

This report is compiled from official U.S. government vehicle-safety records (vehicle specifications, recalls, safety ratings and owner complaints) and is provided for informational purposes only. Missing values indicate the source has no data for that field - not that a feature is absent. Recall campaign summaries describe all vehicles within a campaign, not only this specific vehicle. This report is not a title/odometer history or a substitute for a professional inspection. Car Vin Inspection is an independent service.
